

Electronic Repository of Russian Historical Statistics - RISTAT.org

DOCUMENTATION FOR DATA-SETS ON AGRICULTURE - BENCHMARK 2002

Author: A.M. Markevich

English Summary (Gijs Kessler)

Data for 2002 have been included in the Electronic Repository to facilitate the comparison between historical and modern indicators.

All data for 2002 have been sourced from publications by the State Statistical Committee of the Russian Federation without corrections or additions, except for a classification of the data using internationally accepted taxonomies and systems of classification (cf. documentation on classification).

The data were sourced from:

1) the official results of the population census of 2002, available at:

<http://www.perepis2002.ru>

2) the volume «Regions of Russia. Social and economic indicators. 2002» (Moscow, 2003)¹, available at the website of the State Statistical Committee at:

<http://www.gks.ru>

Data on agricultural output were sourced from «Regions of Russia. Social and economic indicators. 2002» (Moscow, 2003)

July 2016

¹ Goskomstat Rossii, *Regiony Rossii. Sotsial'no-ekonomicheskie pokazately. 2002. Statisticheskii sbornik* (Moskva, 2003)

Пояснительная записка к данным по статистике сельского хозяйства за 2002 г.

Составитель: Маркевич А.М.

Данные за 2002 г. включены в «Электронный архив ...» для того, чтобы предоставить пользователю легко сопоставлять исторические показатели и современные.

Для среза «2002» мы привлекли официальные данные Госкомстата без каких-либо корректировок. В частности мы использовали два источника информации:

1. Официальные итоги переписи населения 2002 г., доступные на <http://www.perepis2002.ru>
2. Сборник «Регины России. Социально-экономические показатели. 2002». Стат. Сб. / Госкомстат России. М., 2003, доступный на сайте Госкомстата <http://www.gks.ru>

Перепись послужила источником информации для срезов «население» (кроме статистики рождений, смертей и браков) и «труд»; сборник «Регионы...» для остальных данных.

Июль 2016 г.
