[ПОЛНАЯ РУССКАЯ ВЕРСИЯ]

Пояснительная записка к данным по статистике выпуска услуг за 2002 г.

Автор: Маркевич А.М.

Данные за 2002 г. включены в Электронный архив для того, чтобы предоставить пользователю возможность легко сопоставлять исторические показатели и современные.

Для среза «2002» мы привлекли официальные данные Госкомстата без каких-либо корректировок. В частности, мы использовали два источника информации:
1. Официальные итоги переписи населения 2002 г., доступные на сайте http://www.perepis2002.ru
2. Сборник «Регионы России. Социально-экономические показатели. 2002». Стат. Сб. / Госкомстат России. М., 2003, доступный на сайте Госкомстата http://www.gks.ru

Перепись послужила источникам информации для срезов «население» (кроме статистики рождений, смертей и браков) и «труд»; сборник «Регионы…» для остальных данных.
